

COMPANY OVERVIEW

R&N Land Clearing LLC, founded in Yankton, South Dakota in 2025, specializes in comprehensive site preparation and restoration services. The company handles everything from structure demolition, earthmoving, and tree/stump removal to disaster cleanup, ensuring land is cleared safely and efficiently. R&N also provides grinding of C&D waste and whole trees/root balls, plus gravel road construction and maintenance. With this full suite of capabilities, R&N prepares any site for its next phase—whether development, agriculture, or environmental rehabilitation—laying the groundwork for detailed discussions of its equipment, processes, and service offerings.

R&N Land Clearing LLC delivers complete site preparation and land restoration services, from structure demolition and tree/stump removal to large-scale earthmoving and excavation. Their heavy-duty horizontal grinder processes both C&D waste piles and whole trees or root balls—whether at a municipal dump, active construction site, or remote forest location. In addition, R&N installs and maintains gravel roads to ensure durable access and supports post-clearing cleanup with efficient wood chipping and debris management. Their integrated equipment fleet and experienced crew enable rapid mobilization and consistent, high-quality results across diverse terrain and project scopes.

CORE COMPETENCIES

- Tree/Stump Removal
- C&D Waste Grinding
- Structure Demolition
- Earth Moving
- Gravel Road Maintenance & Building
- Wood Chipping
- Tree Trimming
- Excavation/Site Work

DIFFERENTIATORS

R&N Land Clearing LLC is a family-run operation led by two brothers, offering the agility and personalized service only a small business can deliver. Their fleet includes a nearly 900-horsepower horizontal grinder capable of processing massive construction and forestry debris piles in a fraction of the time, while a 25-ton excavator and track loader handle large-scale tree removal, stump extraction, and earthmoving with precision and speed. This combination of high-capacity equipment and hands-on ownership ensures rapid mobilization, close client communication, and consistently efficient project execution across every terrain.
